

STEVE AND JULIE KRAMER

Never a dull moment when God is at work!

God has done so much in our lives and ministry the past few months, we are not sure how to adequately bring you all of the news! Here are some pictures of some of the **highlights** of what we have been a part of. Of course, none of this would be happening here in the NL if we weren't blessed by your **faithful** prayers and financial gifts. There are not enough words to say thank you but we pray you can feel the **joy** we do when we see all God is doing here!

15 Dutch students at the European Student Conference (ESC) in Nuremberg, Germany

Prayer Points

- We are looking at planting a church in Groningen that would be strategically focused on reaching the city and the university of 26,000 students.
- Please keep praying for our Dutch. It is going very well. This spring I will preach for the first time in Dutch.
- We now are working with 3 different local churches to help them find ways to reach the universities in their cities. We are praying that God will help us reach all of the universities in the NL!

Steve looks on as the host of the ESC talent show while a Dutch student demonstrates his talents.

Here we are teaching a seminar at the ESC on the principles of Godly relationships

Helping our church reach Groningen
